

Sports Premium Funding Report 2021 -2022

At Harrington Hill we aim to provide a high-quality physical education curriculum that inspires all of our pupils to succeed and excel in competitive sport and other physically demanding activities. We want to provide opportunities for our pupils to become physically literate and confident in a way which supports their health and fitness as they move towards making their own choices as young adults. In addition we aim to provide opportunities for children to compete in sport and other activities in order to build character and help to embed values such as team work, fairness and respect.

Our Primary School Sports funding enables us to continue to extend our provision to ensure that all pupils are giving an equal opportunity to access PE and sports, through employing additional sports coaches, entering into more competitive sports competitions, providing specific sports - lessons and training our staff, and purchasing additional resources to deliver high quality PE and Games sessions.

Primary School Sports Funding 2021-22

The government, a few years ago, increased the amount of funding per annum for schools to provide new and substantial primary school sports funding. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school Head teachers to spend on improving the quality of sport and PE for all their children. This year the school will receive approximately £18,218.

Purpose of the funding

Schools must spend the additional sport funding on making additional and sustainable improvements to the provision of PE and sport for the benefit of all pupils to encourage the development of healthy, active lifestyles. Each school has the freedom to choose how they do this. Schools receive PE and sport premium funding based on the number of eligible pupils in Years 1 to 6 at the January census.

Information about the Government initiative for funding sport in primary schools can be found at: <https://www.gov.uk/guidance/pe-and-sport-premium-for-primary-schools>

What is our sports provision like at Harrington Hill?

From Year 1 upwards all children receive two hours of dedicated PE time per week. These sessions, focusing on both development of skills and games experience, are taught by a specialist member of the coaching staff from Nation Sports.

Over the year, the children are exposed to the full PE curriculum and develop their skills in dance, athletics, gymnastics and games. Children in Year 4 also have swimming lessons during the year.

In addition to these lessons, we offer lunchtime clubs including football club (for both boys and girls) and dance. Nation Sports also offer after school sports clubs including gymnastics, football and dance.

We also offer an outdoor residential education learning experience for Key Stage 2 pupils.

As children progress through the school they are also given opportunities to take part in borough - wide competitions and some children have even gone on to represent the borough in wider London events.

How we plan to spend the Sports Funding 2021-2022:

In the financial year April 2021-March 2022 we will receive a total of £18,218.

Primary PE Sports Grant awarded 2021 2022	
Total number of pupils on role eligible (age 5 years in January)	212
Total amount to be received	£18218
Summary of PESG 2021-2022	
Objectives for PPSG spend:	
Outdoor pursuits (£5000)	
To provide pupils with opportunities to take part in a wider variety of sports and wider activities that would not usually form part of the primary curriculum.	
Playground (£2718)	
To further develop active play in the playground through equipment and deployment of specialist coaches.	
Improving PE and games provision (£5500)	
To continue to improve PE and Games provision at Harrington Hill through additional opportunities for pupils to learn new skills and games, and for staff to be up-skilled.	
To enhance the Forest School provision available to Foundation Stage and KS1 pupils.	
To provide places for pupils to access after school sports clubs.	

Lunchtime clubs (£2000)

To provide a wider range of lunchtime clubs supporting targeted pupils

Healthy schools and sports week (£2000)

To improve nutritional understanding and promote a healthy lifestyle

Sports and School competition (£1000)

To encourage more pupils to take up sport

To include more pupils in competitive sport and range of competitions borough-wide

To involve children and families in local active events ie Hackney Run

Review and impact of 2020 – 2021

- Through working alongside our specialist sports coach, staff were able to develop their skills in teaching physical education through a coaching model of observation, team teaching, skill building and review. As a result, newer teachers make good progress in the delivery of the PE curriculum including effective pitch, differentiation for least able pupils and building in challenge for more able pupils.
- Three specialist sports coaches were deployed to support in the playground at lunchtimes to facilitate a range of games including Basketball, Kingball and table tennis. The coaches worked alongside school based staff during the period of school closure (Jan – March) to provide a range of PE lessons for vulnerable and key worker children (approx. 80 pupils).
- Lunchtime football club run by specialist sports coaches provided opportunities for targeted children in Year 5 and 6 to improve their footballing skills whilst also participating in daily intra-mural competition.
- A range of sporting equipment was purchased throughout the year to support learning in PE and games and to provide greater opportunities for quality active play during break and lunchtimes.
- Healthy Choices Week provided opportunities to focus on healthy eating and well-being. The pupils all took part in our annual school sports day organised and run by specialist sports coaches.
- Affordable after school clubs run by sports coaches and support staff in dance, football and gymnastics as well as a cooking club. Pupil and parental feedback was highly positive. These sessions were made accessible for all through subsidised pricing.

Impact of swimming 2019 -2020

(due to Covid -19 pandemic, there were no swimming lessons 2020-21)

Meeting national curriculum requirements for swimming and water safety	Percentage
What percentage of Year 6 pupils could swim competently, confidently and proficiently over a distance of at least 25 metres?	62%

What percentage of Year 6 pupils could use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]?	58%
What percentage of Year 6 pupils could perform safe self-rescue in different water-based situations?	62%

Number of children in the Cohort: **55**

Measuring Impact

The school will measure the impact of the sports fund grant spending at the end of 2020/21 through:
pupil interviews

- questionnaires
- staff skills audits
- staff surveys
- parent questionnaires
- participation in sports competitions
- analysis of attendance at clubs and extra-curricular activities.

Parents will be informed of new sporting opportunities throughout the year, but please do not hesitate to contact school should you require further information
