

Monday 21st March 2022

Dear Parents and Carers,

At Harrington Hill we have been shocked and angered by the Child Q case and our thoughts go out to the child and her family.

The independent safeguarding report in to the case made clear that Child Q was severely mistreated and racism was found likely to be an influencing factor. It is something that should never have happened.

You may have seen reactions and responses to this from many parts of the community. We would like to reassure you that Harrington Hill is committed to upholding the highest standards of safeguarding and equality practices. Racism is not tolerated and we work towards excellent outcomes for each and every child.

We welcome your feedback if there is anything that you feel can be done to improve our approach to issues of equality and anti-racism. Please do not hesitate to get in touch with us. Thank you for your ongoing support and cooperation.

Yours sincerely,

Geraldine Fitzmaurice
Executive Headteacher

Peter Brodie
Acting Head of School
