

Mission Statement, Vision and Values Framework

Mission Statement

Our school motto '**Striving for Excellence, Achieving Together**' reflects our ambition for all children. By providing an excellent education, we aim to develop confident and responsible individuals who care about themselves and one another. We inspire all children to achieve their best, now and in the future.

Our Vision

Through a passion for learning rooted in mutual respect and warm, honest relationships, our school community provides for **all** to succeed and achieve.

Our Values

Community

Respect

Equality

Excellence

Kindness

Community

We believe that everyone can achieve well by working together. Our school is like a family – we are welcoming, approachable and supportive with a sense of togetherness and teamwork. We seek opportunities for families to share experiences with their children through regular school events. We are outward facing with a commitment to engaging with the community and the world beyond our school gates.

Respect

We always show respect for one another. We believe in treating others as we wish to be treated ourselves. We respect difference and individuality, welcoming people with different beliefs, backgrounds, cultures and identities. We listen to each other's ideas and opinions and value everybody's input. We believe in being authentic, warm and polite with people.

Equality

We celebrate differences and uniqueness. A broad and balanced curriculum provides equal opportunity for all pupils to maximise their potential regardless of their abilities, background, religion, beliefs, race, gender, identity or disability. All pupils are of equal value and deserve equal access to every aspect of school life. Everybody in our community has equality to learn and work towards their highest possible levels of achievement.

Excellence

We strive for excellence in all that we do. We have high expectations and uphold high standards for ourselves and others. We believe in maximising learning opportunities – every second counts. Teachers provide a high-quality education to pupils, promoting effective teaching practices that lead to positive learning outcomes. We always aim to give 100% effort and embrace mistakes, turning them into learning opportunities. We look after our mental health and wellbeing to enable us to be the best versions of ourselves.

Kindness

We believe in being there for each other and always acting with kindness. We think about how other people feel and what they need, offering to help where we can. We invest time in getting to know people and how to get the best from them. We make time to really listen to others and put ourselves in their shoes. We always aim to be beacons of positivity. We smile at people to brighten their day. As a result, our children are happy, resilient, kind to others and kind to themselves which supports their self esteem and overall wellbeing.
